

## PRODUCT INFO

# OMNIUM GRIP LOCKING PLIER

## GO131-10

### DESCRIPTION

The Grip-On Series 131 Omnium Grip Locking Plier is a modern and versatile tool suitable for a wide range of trades, such as welding, mechanics, plumbing, DIY, and more. Its jaw configuration is designed to combine straight, curved, and convex profiles, allowing the plier to securely grip round, flat, and large objects with ease. Furthermore, the adjustable jaw opening allows for even greater flexibility in use. The ergonomic design of the plier ensures comfortable handling, with no pinch and easy release for added convenience. The concave profile also provides better push-pull performance. The forged steel jaws offer superior quality, while the handle is coated with an epoxy paint that is 20 times more corrosion resistant than nickel, ensuring a durable and long-lasting tool.
