BOLD STRING CHALK LINE REEL

KSG150BOLD

DESCRIPTION

The Keson Bold String Chalk Line Reel is a heavy-duty tool designed for use in high traffic areas and outdoor settings. The 45-meter (150 feet) long string is equipped with a pull ring for easy handling. The bold string leaves lines that are slightly larger than a felt-tip marker, making it easy to see in various lighting conditions. The housing is made of durable ABS material, and the reel can hold almost a pound of chalk, which means fewer refills are necessary. The BigMouth[®] chalk port allows for easy refilling and a secure seal. The one-piece steel crank handle ensures a long life for the reel. With a 1:1 gear ratio, it can pull 100 feet in about 60 seconds. The snapped line width ranges from 1.26 to 2mm, and the braided line uses less chalk and puts down less chalk, resulting in less ghosting. The line is made of natural cotton, which picks up and puts down more chalk, but it can mildew and weaken in damp environments.

FEATURES

- Heavy-duty tool for high traffic areas and outdoor use.
- 45m long braided cotton string with pull ring for easy handling.
- Bold string for easy visibility in various lighting conditions.
- Durable ABS housing and can hold almost a pound of chalk for fewer refills.
- BigMouth[®] chalk port for easy refilling and secure seal.
- One-piece steel crank handle for long life.
- 1:1 gear ratio for pulling 100 feet in about 60 seconds.

BARCODE: 052837028689

HOUSING: ABS

HANDLE: Metal

LENGTH: 45m (150ft)

CAPACITY: 340g (12oz)

REWIND: 1:1

LINE WIDTH: 1.26mm - 2mm

LINE MATERIAL: Cotton

LINE STRUCTURE: Braided
