

PRODUCT INFO

# RUBBER PLUNGERS

## MM1224 & MM1226

### DESCRIPTION

The Bailey Rubber Plungers are best used for unblocking drains and pipes. The plunger builds up the pressure of water, forcing any obstruction to clear. These Bailey Plungers are available in 2 available sizes: 100mm (MM1224) and 150mm (MM1226). The plunger discs are made from rubber, includes a leather washer, and have been fitted with solid brass Lockfast fittings to ensure strength and durability during use. The Lockfast joint offers more security with the connection with the rod as the joint is secured with a locking nut. The connection can't come undone whichever way the rods are turned. For use with Bailey Blue Rods®. Rubber plunger discs can be removed and replaced, we have 2 disc sizes available: 100mm (MMX24) and 150mm (MMX26).

### USE WITH

Bailey Blue Rods® (MM1219, MM1222, MM1819, MM1922)

#### MM1224

**BARCODE:** 5015375414128

**DIAMETER:** 100mm (4")

**HEIGHT:** 55mm

**MATERIAL:** Rubber / Brass

**WEIGHT:** 198g

#### MM1226

**BARCODE:** 5016729023232

**DIAMETER:** 150mm (6")

**HEIGHT:** 60mm

**MATERIAL:** Rubber / Brass

**WEIGHT:** 302g
