# 6-WHEEL GLASS CUTTER

## PG569-00

### DESCRIPTION

The PG Professional Glass Cutter is a convenient roller-type tool designed for effortless glass cutting. Featuring a 6-wheel revolving turret, it ensures a consistently sharp scoring blade for precise cuts on glass, tiles, and ceramic surfaces. Crafted with durable hard metal wheels, it can handle cutting thicknesses ranging from 3 to 6 mm. The result is a smooth and clean finish, making it a reliable choice for medium-duty glass cutting tasks. Easy to use and efficient, it's a must-have for DIY enthusiasts and professionals alike.
