CLASSIC BAND CLAMP

AJP1215

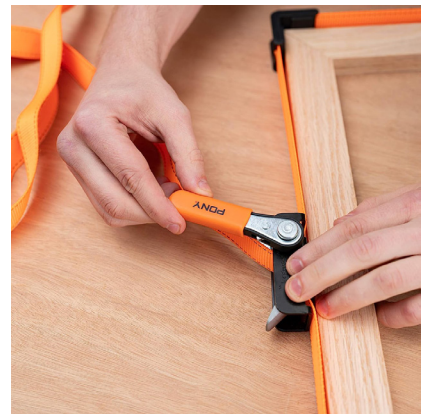

DESCRIPTION

Introducing our versatile Pony rapid-acting band clamp, ideal for a wide range of medium-duty projects, regardless of their shape. Whether your project is round, rectangular, or irregularly shaped, this clamp has got you covered. Thanks to the acme-threaded screw and aluminum levers, you can effortlessly tighten and release your workpiece. The plastic jaws provide a secure grip on corners, guaranteeing a perfect fit without any damage to your precious materials. With its ergonomic grip, this clamp feels comfortable and secure in your hands, ensuring optimal control throughout your project.

FEATURES

- Versatile: fits any project shape.
- Easy to use: quick tightening and release with acme-threaded screw and aluminum levers.
- Plastic jaws secure without marring your workpiece.
- Comfortable grip: ergonomic design fits your hands well.
- High-quality construction for reliable performance.
