

PRODUCT INFO

T25 CABLE STAPLE GUN

ART25M

DESCRIPTION

The Arrow T25 cable staple gun has been specifically designed to be used with low voltage wiring that is up to 1/4" (6mm) diameter. Manufactured with an all steel construction that has a chrome finish, ensures quality long-term durability. It also comes with a grooved driving blade and a jam-resistant mechanism that is patented to Arrow Fasteners. Uses 6mm (1/4") round crown staples with leg lengths from 10mm (3/8") - 14mm (9/16").
