

PRODUCT INFO

CUTTING WHEEL STONE/MASONRY

CO115C22

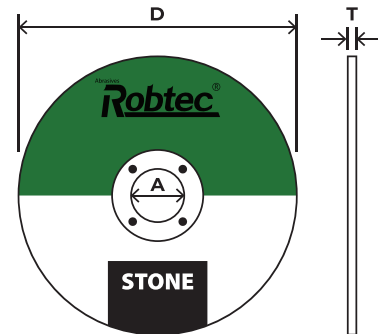

DESCRIPTION

Robtec Cutting Wheels offer precision and efficiency for stone and masonry cutting needs. Featuring a distinctive color and pattern-coded label system, with green denoting suitability for stone and masonry, these flat abrasive wheels ensure high performance and sharpness. Crafted with fiberglass nets for enhanced safety, they meet ISO 9001 standards, guaranteeing quality assurance. Proudly manufactured in China, they combine affordability with top-notch safety measures, contributing to a greener planet while delivering superior cutting results.

FEATURES

- Ideal for Stone/Masonry Cutting
- Color and Pattern Coded Label System.
- Flat Wheel Design.
- Excellent Performance and Sharpness.
- Enhanced Safety with Fiberglass Nets.
- ISO 9001 Certified.
- Proudly Made in China.

BARCODE: 9419678360117

DIAMETER (D): 115mm

THICKNESS (T): 3.2mm

ARBOR (A): 22.2mm

COLOUR: Green

APPLICATION: Stone/Masonry

ABRASIVE GRAIN: Silicone Carbide

GRIT SIZE: 30

HARDNESS GRADE: R

STRUCTURE: 4

BONDING: BF (Synthetic Resin Bonded with Fibreglass Net Reinforcement)

SHAPE: Flat

SPEED: MAX. 13,290 RPM

WORKING SPEED: 80 m/s

WEIGHT: 60g
