

PRODUCT INFO

CHAMFERING ROUTER BIT WITH BALL BEARING

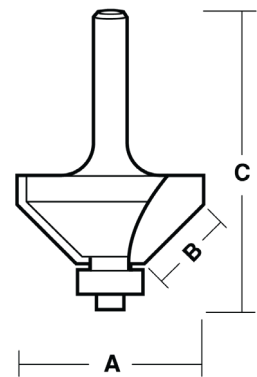

EY916B

DESCRIPTION

The Econocut 45° Chamfering Bit is an essential tool for any Handyman/DIY enthusiast. Its primary function is to create a beveled edge on the profile, making it ideal for constructing boxes or adding a professional touch to woodworking projects. The ball-bearing guide guarantees precise and steady cuts, while the two-flute design ensures a smoother cutting action. Crafted with durable carbide tips, this bit offers longer-lasting sharpness, a superior finish, and cleaner cuts, making it a reliable choice for achieving precise angles and a polished look in any woodworking endeavor. For the handymen and DIY enthusiasts.
