

PRODUCT INFO

LOCKING CHAIN CLAMP

GO181-10

DESCRIPTION

The Grip-On Series 181 Locking Chain Clamp is a versatile tool that can be used to hold and secure irregular objects in difficult to reach areas with ease. The flexible heavy-duty heat-treated chain can adjust quickly around any shaped object, even in awkward areas, making it ideal for tasks like working on oil filters and mufflers. The adjustable jaw opening and ergonomic design provide comfortable handling while the no-pinch, easy release feature adds to the convenience of the tool. The concave profile of the clamp ensures better push-pull, while the superior quality forged steel jaws provide reliable grip and durability. Additionally, the handle is coated with an epoxy paint that is 20x more corrosion-resistant than nickel, making the tool a long-lasting investment for any mechanic or DIY enthusiast.
