

PRODUCT INFO

WOODEN HANDLE

HDKIC1200

DESCRIPTION

The Haydn Wooden Pole is a great tool for painters and decorators who need to extend their reach. Measuring 1.2 meters in length, the pole is long enough to reach high or hard-to-access areas. It comes fitted with an aluminium universal threaded tip, which allows it to be used with other Haydn products to attach. The pole is lightweight and easy to use, making it perfect for extended periods of use. It is ideal for use with pole sanders and roller frames, allowing you to complete your projects more efficiently and with greater ease. With the Haydn Wooden Pole, you can reach new heights in your painting and decorating endeavors.

FEATURES

- 1.2 meters long.
