

PRODUCT INFO  
**REPLACEMENT BELT**  
**JKB-BELT**

### DESCRIPTION

The Jackman Replacement Belt for the Jackman Tool Pouch (JKB-002) is a versatile accessory designed for practicality and durability. This buckle-adjust webbing belt boasts a width of 50mm, ensuring a secure and comfortable fit for any user. With an overall length of up to 1400mm, it accommodates various waist sizes and preferences. Its slender 1.5mm thickness enhances flexibility without compromising strength. This replacement belt ensures that your Jackman Tool Pouch remains firmly and comfortably in place, making it an essential tool for your work or projects.
