HSS DRILL BIT SET

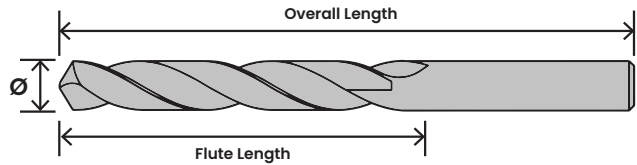

SNS92258

19 PC

DESCRIPTION

The Frost HSS Drill Bit Set is a 19-piece set ranging from 1mm to 10mm in 0.5mm increments. These new and improved general-purpose drill bits are ideal for machine and handheld drilling in metal, wood, and plastic. The set features a toughened German-designed case that withstands drops when fully loaded, ensuring durability. A stable display case allows easy access in any tool room. The 118° ground from solid high-speed steel ensures long-lasting performance and precision.
