

PRODUCT INFO

ALUMINIUM TORPEDO LEVEL

SB70-250

DESCRIPTION

This light and versatile level is an invaluable part of any toolbox. The comfortably light aluminium rectangular profile and compact design of the 70 T make it ideal for levelling in confined spaces. Its size allows it to fit into a side pocket of any trade trousers, ensuring it can be with you at all times. Easy to store, it features coated measuring surfaces that protect delicate surfaces and smooth sides for easy cleaning. Plastic end caps protect against impact, and STABILA installation technology ensures long-term accuracy.
