

PRODUCT INFO

INOX PIPE CUTTER

ZE7535-1

DESCRIPTION

The "Inox Kompakt" Pipe Cutter is a precision tool designed specifically for stainless steel/Inox tubes. Crafted with a cutting wheel made of alloy steel featuring special cutting geometry, it effortlessly slices through pipes with up to 2.5mm wall thickness. Its lightweight yet durable magnesium body ensures easy handling. Enhanced with needle bearings, both the cutting wheel and INOX rollers reduce cutting effort. The ergonomic knob provides comfort, with a spare cutting wheel conveniently housed on its cap. Featuring a completely removable NOGA reamer and 4 rollers for stability, it also boasts ICS for instant blade changes without tools, making it a top choice for professionals.

FEATURES

- For stainless steel/inox tubes.
- For cutting pipes with a wall thickness of up to 2.5mm.
- Cutting wheel made of alloy steel.
- Threading of feed screw on steel socket avoids looseness.
- Spare cutting wheel on the cap of the knob.
- Completely removable NOGA reamer.
- 4 rollers for better fastening of the tube.
- Instant blade change without the need for a tool.
