

## PRODUCT INFO

# ALUMINUM LINE LEVEL

## SWLLA001

### DESCRIPTION

The Swanson heavy-duty aluminum line level is designed for effortless sliding on string and filament lines. Its snag-free open hooks ensure smooth movement along the line without any obstructions. With a length of 102mm (4 inches), this level is compact and convenient to use. Crafted from high-grade aluminum, it guarantees durability and sturdiness. Whether you're working on construction projects or DIY tasks, this line level is a reliable tool for achieving accurate and level measurements. Its efficient design and quality construction make it a must-have for professionals and DIY enthusiasts alike.

### FEATURES

- Heavy-duty high-grade aluminum frame.
- Snag-free open hooks that allow it to slide easily & freely.
- For use on string & filament lines.
