# XTRA SLIM JAW ADJUSTABLE WRENCH

## IG92XS-04

### DESCRIPTION

Introducing the Irega Xtra Slim Adjustable Wrench, a revolutionary tool designed to redefine precision and accessibility. Crafted from Chrome Vanadium Steel, this professional-grade adjustable wrench guarantees exceptional durability. Its Xtra Slim jaws maintain a consistent 2.5mm thickness throughout, ensuring greater access to even the thinnest nuts, while the non-protruding jaw shank maximizes accessibility at full opening. Equipped with a metric measuring scale on the jaws, it simplifies presetting and sizing of nuts and bolts. Available in two sizes, the 4" variant boasts a remarkable 45% reduction in thickness compared to standard wrenches, while the 6" version offers a 68% reduction in thickness and 26% wider capacity. With support for loads up to 80% of international standards, the Irega Xtra Slim Adjustable Wrench sets a new benchmark for precision and quality, manufactured to exceed the most stringent international standards. IREGA 100% Quality assured.
