

PRODUCT INFO

# SOFTFINISH® ELECTRIC PHILLIPS SCREWDRIVER WI00848

## DESCRIPTION

The Wiha Phillips Screwdriver SoftFinish® electric is a pinnacle of precision and safety in electrical work. Crafted from high-quality chrome-vanadium-molybdenum steel, its slim blades offer protected access to deep-set screws, while the hardened, burnished construction ensures durability. The patented SoftFinish® handle design prioritizes ergonomic comfort, endorsed by medical professionals for its hand and muscle-friendly operation. With a multi-component handle featuring roll-off protection, this tool provides optimal balance between torque and control. Tested rigorously for electrical safety, it's approved for work on live parts up to 1,000 V AC, adhering to IEC 60900 standards.
