

PRODUCT INFO

UPRIGHT LEFT AVIATION SNIP

MW6900-L

DESCRIPTION

MIDWEST® UPRIGHT® Left Aviation Snips feature ergonomic handle action that reduces wrist range motion and fatigue. Can be used blades up or blades down with push or pull motion. Operates in tight spaces. Easiest used in right hand. These snips feature GLIDETECH® FORGED BLADES: unequaled strength, longest lasting edge life, and the most precise cutting action. Blades are hot drop forged of molybdenum alloy steel and Austemper® heat-treated to best accept and hold their precision ground cutting edge. Blades cut complete from “pinch of the blades through their points” and pivot on a Grade 8 bolt that is threaded and affixed into the bottom blade keeping blades in precision adjustment, and if ever necessary, allowing them to be readjusted extending peak performance. Equipped with KUSH’N-POWER® (US D718,602, D719,808) compound leverage handle action which multiplies handle force while providing a soft, sturdy and comfortable grip. Made in USA!
