

PRODUCT INFO

T18 CABLE STAPLE GUN

ART18

DESCRIPTION

The Arrow T18 wire cable stapler has been specifically designed to be used with low voltage wiring that is up to 3/16" (5mm) diameter. Manufactured with an all steel construction that has a chrome finish, ensures quality long-term durability. It also comes with a grooved driving blade and a jam-resistant mechanism that is patented to Arrow Fasteners. Uses 5mm (3/16") round crown staples with leg lengths from 10mm (3/8") - 11mm (7/16").
