BUCKET TOOL ORGANISER

JKB-240

DESCRIPTION

The Jackman Bucket Tool Organiser is a practical solution for those in need of efficient tool storage. Designed to effortlessly mount on buckets with a 300mm diameter, this organiser boasts exceptional durability. Crafted from robust polyester weave material with an EVA core, it can withstand the rigors of demanding work environments. With a grand total of 43 pockets, this tool organiser offers optimal organization. Its triplex layer arrangement includes 14 pockets on the exterior front, complete with a convenient flapped pocket. The backside features a duplex layer arrangement with 16 pockets and a hooked tape webbing for added versatility. Additionally, the inner compartments consist of 14 pockets and a webbing hammer loop, ensuring all your tools are well-organized and within easy reach. The Jackman Bucket Tool Organiser is a must-have for any professional tradesperson or DIY enthusiast.

*For mounting on buckets with a diameter of 300mm.
Best used on 20L Pail Buckets.*
