

PRODUCT INFO

HSS LONG DRILL BITS

SN102X SERIES

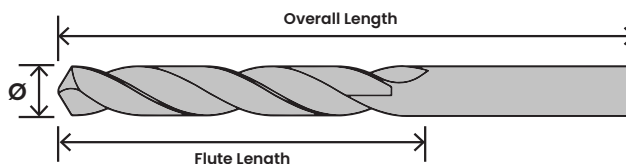

DESCRIPTION

Sutton HSS Long Series Drill Bits feature extended flute and overall lengths, ideal for deeper hole drilling and longer reach applications. With a 118° standard point, they are perfect for general purpose tasks. The precision ground flute ensures fast chip removal, enhancing efficiency. Made from M2 high-speed steel, these bits provide an excellent balance of strength, heat, and wear resistance. Their bright finish makes them versatile for use on steel, aluminum, wood, and plastic, ensuring reliable performance across various materials.

APPLICATION

Ideal for general purpose drilling such as steel, aluminum, wood, and plastic.
