

PRODUCT INFO

INSULATED DIAGONAL PLIER CH3238

DESCRIPTION

Not all cutting edges are the same -- only Channellock uses precision machined knife and anvil style cutting edges to ensure perfect mating and superior cutting edge life. The Channellock knife and anvil cutters ensure proper cutting edge alignment, resulting in a clean cut every time. Most manufacturers use two sharp edges which can become misaligned, losing their cutting effectiveness. Experience the difference for yourself. These genuine Channellock tools are proudly Made in the USA!

FEATURES

- Channellock blue grips for comfort.
- High carbon steel for superior performance on the job and specially coated for ultimate rust prevention.
- Precision machined knife and anvil style cutting edges to ensure perfect mating and superior cutting edge life.
- Made in the USA.
