

PRODUCT INFO

CHIP BRUSHES

DESCRIPTION

The Haydn Chip Brush is a flat blended bristle disposable industrial epoxy brush that is perfect for applying solvents such as resins, acetones, and other glues. The brush has a wooden contoured handle that provides a comfortable grip during use, and a stainless steel ferrule that secures the bristles in place. Although not recommended for painting, the Haydn Chip Brush is ideal for use with solvents and other substances where precision is not critical. This type of brush is commonly used in industrial settings, but also by DIYers and hobbyists who need a reliable and affordable option for applying adhesives and finishes. With its high-quality construction and durable design, the Haydn Chip Brush is a great choice for anyone who needs a reliable brush for applying solvents and other substances. Available in four different sizes: 25mm, 50mm, 75mm, and 100mm.

SKU	BARCODE	LENGTH	WIDTH	DEPTH	WEIGHT
