

PRODUCT INFO

## SURFACE LEVEL

### SWSL0002

### DESCRIPTION

The Swanson Surface Level is a versatile tool that effortlessly measures all planes at once. It is ideal for leveling various items such as appliances, fence posts, tables, machine tools, washers, dryers, pool tables, and campers. With its exceptional quality construction and precise accuracy, this level ensures reliable results. Its lightweight and composite construction make it portable, enabling you to take it anywhere you need. The level features three fastening holes that securely attach it to any surface, preventing movement during use. It is highly recommended for homeowners seeking a reliable and convenient leveling solution.

### FEATURES

- Quality construction & precision accuracy.
- Lightweight, composite construction makes it easily portable.
- Fastening holes allows you to level to your working surface
- Use to level appliances, fence posts, tables and more

Recommended for homeowner use.
