PIPE SAW HANDLE

TMX240P-H

DESCRIPTION

Introducing the replacement handle for the Topman Pipe Saw (TM240P), compatible with all Topman-Z screw style saw blades. Its ergonomic plastic design boasts a user-friendly screw knob interchangeable blade system, enabling seamless tool-free blade swaps. With a reversible feature ensuring optimal hand clearance in tight spaces, this handle prioritizes comfort and convenience. The secure grip provided by the screw knob ensures a stable blade position, eliminating any rattling during sawing. Simplify your cutting tasks with this durable and versatile handle upgrade. Made in Japan.
