FENCING TOOL PLIER

CH085G

DESCRIPTION

The Channellock 10-inch Fence Tool combines 6 features in 1 reliable tool for fencing installation, repair, and maintenance. Channellock uses laser heat-treating technology to harden two wire shears so you can cut High Tensile wire with ease and confidence. Other features of the Channellock Fencing Plier include a Hammer and Starter for staple install as well as a Claw plus Puller for staple removal and wire stretching. Also included, a precision-machined Crimping nest and Wire Splicer. The Channellock model 85 Fence Tool is 100% Made in USA and Forged from High-Carbon U.S. Steel.

FEATURES

- Laser heat-treated Cutting Shears last longer and easily cut through High Tensile wire.
- Rugged Hammer and Starter for staple install.
- Hand-Polished Staple Claw plus Puller for removing staples and stretching wire.
- Precision-machined Crimping Nest and Wire Splicer.
- Forged high carbon U.S. steel for maximum strength and durability is specially coated for ultimate rust prevention.
