

PRODUCT INFO

FLEXLITE STAINLESS STEEL SKIMMING TROWEL

DESCRIPTION

To help you achieve a perfect finish, Ragni combines precision machine-based production techniques with hand-crafted finishing. These Ragni skimming trowels have a wafer-thin flexible blade made from top-quality Japanese stainless steel. Its lightweight aluminium alloy mounting with a swept-back design helps to reduce fatigue. Featuring a “Hi-lift” handle, designed to transfer maximum power from hand to trowel effortlessly. It also offers a deeper knuckle clearance between the handle and the trowel, which is perfect for larger hands. Blade has rounded corners to prevent digging-in and reveal a smooth finish.

FEATURES

- Japanese stainless steel - wafer thin blade
- Over-sized blade options – quick finish
- Rounded corners – clean smooth finish
- Riveted aluminium bracket – strength & lightness
- Laser etched - sticker free blades
- 3 year guarantee*

RG619S-275

BARCODE: 5037534904080

BLADE LENGTH: 280mm (11")

BLADE WIDTH: 120mm (4.7")

BLADE THICKNESS: 0.05mm

MATERIAL: Stainless Steel

WEIGHT: 415g

RG619S-350

BARCODE: 5037534903991

BLADE LENGTH: 355mm (14")

BLADE WIDTH: 120mm (4.7")

BLADE THICKNESS: 0.05mm

MATERIAL: Stainless Steel

WEIGHT: 485g
