

PRODUCT INFO

# WIRE HAND BRUSH

## PG010

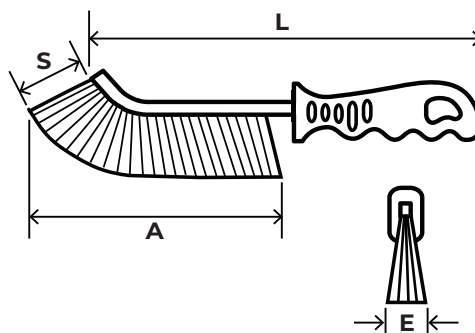

### DESCRIPTION

The PG Professional Wire Hand Brush boasts brass-plated bristles crafted from top-notch steel, ensuring durability and efficient performance. Designed for rapid rust removal, cleaning metals, seals, paints, adhesives, and labels from glass and metal surfaces, its narrow face facilitates access to challenging spots. The ergonomic plastic handle offers comfortable grip and control during use. With its distinctive red-colored handle, identifying the steel bristles becomes effortless, making it a practical and reliable tool for various maintenance & cleaning tasks.

### FEATURES

- Brass-plated bristles made from quality steel.
- Ideal for removing rust and cleaning metals.
- Narrow face for easy access to hard-to-reach areas.
- Ergonomic plastic handle for comfortable grip and control.
- Red-colored handle for easy identification.
