

PRODUCT INFO

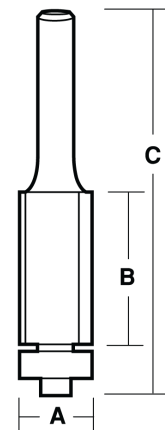

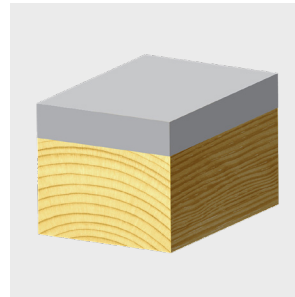

FLUSH TRIM ROUTER BITS WITH BALL BEARING

DESCRIPTION

The Econocut Flush Trim Bit with Ball Bearing Guide is a must-have tool for any Handyman/ DIY user. Designed for trimming shelf edging, veneer, or laminates, this versatile bit can also be used with a template to create duplicate parts or joint an edge straight and smooth. With its two-flute design, it offers a smoother cutting action, while the carbide-tipped construction ensures longer-lasting sharpness, superior finish, and cleaner cuts. The inclusion of a ball bearing guide further enhances precision and control. For the handymen and DIY enthusiasts.
