

## PRODUCT INFO

# BABY BOA CONSTRICTOR STRAP BOA11022

### DESCRIPTION

The Baby Boa Constrictor Strap Wrenches are one of BOA's smaller sized constrictors, making it the perfect tool for domestic and DIY use. This wrench comes with its original polypropylene handle form with soft grip for extra comfort. The Baby Boa can be used for many jobs such as... plumbing jobs, on cars, hoses, home appliances, small workshop/garage applications, and many other irregular shapes for effortless turning without scratching or damaging surfaces. This strap provides over 2,000lb of pressure due to the strong and flexible braided rubber strap, which fits into a slot in the handle of the tool and provides a perfect fit on the workpiece. This tool can also be safely used on any material, including glass, plastic, wood, chrome, and many other sensitive surfaces.

### FEATURES

- Will not mark or scratch surfaces.
- Reinforced straps have a strong tensile breaking pressure.
- Can grip onto any shaped item for effortless turning.
- Can be used open or tighten things.
- Soft grip polypropylene handle.
- Small size, great for domestic and DIY uses.
