UNCO-BOLT & BEND CUTTERS

DESCRIPTION

Introducing Manor Unco-Bolt & Bend Cutters, the revolutionary 2-in-1 tool that seamlessly integrates the functionalities of traditional bolt cutters and steel bar benders. Crafted with precision, its drop-forged chrome molybdenum alloy steel cutting blades/jaw guarantee durability and efficiency. The unique adjustable cam bolt blade ensures versatility, allowing users to tailor their cutting experience. Designed with high tensile jaws and non-slip handles, this tool provides a secure grip and optimal control. What sets it apart is its bending capability, offering a range from 0° to 180°, enabling users to effortlessly bend steel bars at various angles. Manor Unco-Bolt & Bend Cutter - Do it all.
