

U.S. BLADE

PRODUCT INFO

UTILITY BLADES

USB112-5

DESCRIPTION

U.S. BLADE Utility Blades are heavy-duty blades designed for general use cutting and trimming tasks, suitable for both industrial and home use. Specifically designed to be used with the US BLADE Utility Knife, these blades also fit most standard utility knives. With a thickness of 0.6mm (0.025 inches) and dimensions of 60mm x 19mm x 31mm, each pack contains 5 blades, making them the “Pro’s Choice” for reliable cutting performance. Manufactured in the USA, these blades ensure quality and durability for all your cutting needs.
