SOFTFINISH® ELECTRIC SCREWDRIVER SET

WI31062

6 PC

DESCRIPTION

The Wiha SoftFinish® Electric Screwdriver 6pc set is a versatile and indispensable tool for professionals and DIY enthusiasts alike. This comprehensive set includes 2 screwdrivers each of Slotted, PoziDriv, and Square types, ensuring you have the right tool for any job. What sets these screwdrivers apart is their innovative design, featuring the unique Wiha handle-length concept for superior torque and control. Moreover, the patented SoftFinish® handle minimizes strain on your hands and muscles, endorsed by health professionals for its ergonomic benefits. Safety is paramount, with each tool individually tested for insulation up to 1,000 V AC, guaranteeing protection while you work.
