# E-Z HOLD BAR CLAMPS

## HOBBY

### DESCRIPTION

The Jorgensen E-Z HOLD hobby bar clamps are perfect for hobbyists and craft enthusiasts, offering affordability without compromising on quality. These clamps possess the same features as our medium- and light-duty E-Z HOLD clamps, except for the ability to join two clamps together. Their contoured comfort grip and quick-release lever make achieving a secure hold effortless. With deep-reach pads that prioritize workpiece protection, these clamps are a must-have for any project. Available in four-inch and eight-inch max openings, these compact clamps are pocket-sized and user-friendly, making them ideal for younger woodworkers and easy to carry around.
