DOUBLE ENDED TUBE SPANNER SET

MESET-1M

7 PC

DESCRIPTION

The Melco Double Ended Tube Spanner Set is a comprehensive toolkit featuring 7 tube spanners ranging from 6mm to 18mm, accompanied by 3 T-bars for efficient operation. With hexagonal profiles at both ends, these box spanners are crafted from heavy gauge steel, meticulously pressed using air compression, ensuring durability and reliability. Manufactured in England, these spanners exemplify quality assurance. Designed for removing fittings in challenging, confined spaces, the T-bars facilitate easy turning through holes drilled in the spanner. This unique configuration allows for a smooth, controlled twist, akin to turning the handles of a tap. The elongated shape of these box spanners makes them especially adept at maneuvering in tight recesses, making them indispensable in the realms of vehicle machinery and plumbing.

CONTENTS

7 x Tube Spanners

- (6mm x 7mm) x 100mm
- (8mm x 9mm) x 100mm
- (10mm x 11mm) x 100mm
- (12mm x 13mm) x 100mm
- (14mm x 15mm) x 82mm
- (16mm x 17mm) x 125mm
- (18mm x 19mm) x 125mm

3 x T-Bars

- 4.8mm x 77mm
- 6.35mm x 101mm
- (8mm x 9.5mm) x 155mm
