MAGNETIC POST LEVEL

SWPL001M

DESCRIPTION

Swanson's magnetic post level has been designed for difficult one-man jobs where hands-free work is a must. With its versatile functionality, it can effortlessly level and plumb various structures such as posts, flagpoles, water pipes, railings, and decks—all with just one tool! Equipped with strip magnets and an elastic strap, this level ensures convenient and secure hands-free operation. Made from a high impact composite material, it guarantees durability and longevity. When it comes to metal posts, Swanson's magnetic post level stands as the top choice, providing accurate and efficient leveling capabilities. Simplify your projects with this reliable and indispensable tool.
