CUTTING WHEEL FOR INOX

ZE6005-9

DESCRIPTION

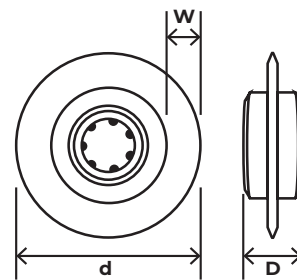

Introducing our Replacement Cutting Wheel for Inox Pipe Cutters, designed to streamline your cutting tasks effortlessly. Compatible with ZE7535-1, ZE7545-1, and ZE7576-1 models, its alloy steel construction and specialized cutting geometry ensure precise cuts. Equipped with needle bearings, it reduces both time and effort required for cutting. Specifically crafted for INOX pipes with a 2.5 mm wall thickness, its ICS "Instant Change System" allows for swift, tool-free replacements with just one hand.

FEATURES

- Compatible with the ZE7535-1, ZE7545-1, and ZE7576-1.
- Cutting wheel made of alloy steel, with special cutting geometry.
- With needle bearings, which makes cutting less time-consuming and effort-consuming.
- Developed to cut INOX pipes with a wall thickness of 2.5mm.
- Easy blade replacement with one-hand operation.

USE WITH

ZE7535-1 ZE7545-1 ZE7576-1

BARCODE: 8422514600590

DIAMETER (d): 19mm

DEPTH (D): 6.2mm

BLADE WIDTH (W): 2.5mm

BODY: Alloy Steel

CUTS: Inox/Stainless Steel

WEIGHT: 5g
