LINESMAN & DIAGONAL CUTTING PLIER SET

CHPG2

DESCRIPTION

The Channellock Posi-Grip™ Linesman and Diagonal Cutting Plier Set offers exceptional strength, durability, and precision. Both tools feature laser heat-treated cutting edges, ensuring longer-lasting performance. The Linesman Pliers are perfect for crimping and cutting solderless connections, while the Diagonal Cutting Pliers utilize Xtreme Leverage Technology (XLT™) for enhanced cutting power with reduced hand fatigue. Crafted from high carbon steel, these pliers are built for tough jobs and unmatched strength. The iconic Channellock Blue® POSI-GRIP™ handles provide superior comfort and control. Proudly made in the USA.
