ADJUSTABLE WRENCHES

MOD. 77

DESCRIPTION

The Irega Model 77 Adjustable Wrench is the best value for money. Crafted from chrome alloy steel, it boasts durability that's second to none. Its ergonomic handle ensures comfortable usage. With non-protruding jaw shanks and perfectly parallel jaw surfaces, it offers an impeccable grip on nuts. Thanks to precision-ground jaw slides, adjustments are smoother and more accurate. For extreme conditions, it offers double security with a threaded pin and visible stake. The chrome alloy steel construction ensures top-notch quality, enhanced by a triple-coated chrome finish for maximum rust resistance. Available in sizes ranging from 4" to 24", each tool is meticulously inspected to guarantee total customer satisfaction. Manufactured according to the strictest international standards. 100% made in Spain.
