Ø6mm DOWELLING KIT

PG681-00

DESCRIPTION

The PG Professional Dowelling Kits are a game-changer for woodworking enthusiasts. With these kits, you can guarantee the precise placement and depth of dowels, ensuring impeccable joints every time. The kit's key features include accurate marking of dowel holes using centre points, precise drilling facilitated by a dowel drill bit and depth stop ring, and stronger joints achieved through the use of fluted dowels. This comprehensive kit includes all the essentials: CV Dowel Drill Bit, Centre Points, Fluted Dowels, and Depth Stop, making it an indispensable tool for any woodworking project.
