

PRODUCT INFO

PLUG CUTTERS

SM20 SERIES

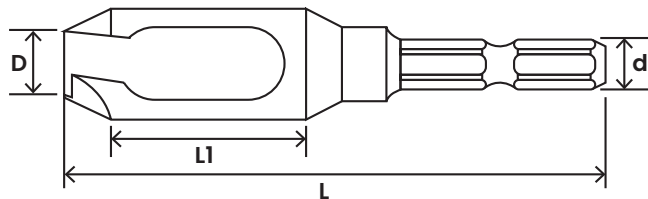

DESCRIPTION

Star-M Plug Cutters are essential tools for crafting wooden plugs that seamlessly conceal screw heads in countersink holes. These precision instruments, when used in conjunction with a Countersink bit, yield snug-fitting plugs that not only serve a functional purpose but also enhance the aesthetic appeal of your woodworking projects. Crafted from high-quality High Carbon Steel, these plug cutters are built to last. For a flawless finish, it's recommended to use dowels cut from the same material. Designed to work seamlessly with Electric Power Drills, Cordless Drills (over 14.4v), and Quick Change Impact Drivers (over 14.4v), these plug cutters are a testament to Japanese craftsmanship, ensuring quality and reliability in every cut.

USE WITH

SM100 Series Countersinks

SKU	BARCODE	SIZE (D)	OVERALL LENGTH (L)	PLUG MAX LENGTH (L1)	SHANK SIZE (d)	SHANK SHAPE	RPM RANGE	WEIGHT
