PIPE CUTTER

ZE7325-1

DESCRIPTION

Introducing the “Basick” Pipe Cutter, a precision tool designed for thin-walled metal pipes like aluminum and copper. Engineered with high-quality standards, it effortlessly slices through pipes with up to 2mm thickness. Crafted with an alloy steel cutting wheel featuring specialized geometry, it ensures clean and accurate cuts every time. The steel socket threading prevents any potential looseness during operation, while the ergonomic knob enhances user comfort. Its compact design facilitates work in confined spaces, aided by the extra small working radius. Plus, with the ICS (Instant Change System), blade replacement becomes a breeze without requiring any additional tools.

FEATURES

- For thin-walled metal pipes such as aluminum and copper.
- Designed for cutting pipes with a wall thickness of up to 2mm.
- Cutting wheel made of alloy steel.
- Threading of feed screw on steel socket avoids looseness.
- Ergonomic knob for comfort.
- Perfect for working in spaces of restricted access.
- Instant blade change without the need for a tool.

USE WITH

ZE6005-1 Cutting Wheel

BARCODE: 8422514732512

CAPACITY: Ø 3-25mm (1/8"-1")

THICKNESS CAPACITY: 2mm

LENGTH: 70mm

WIDTH: 45mm

DEPTH: 22mm

CUTS: Aluminum/Copper

BODY MATERIAL: Forged Steel

COLOUR: Yellow

WEIGHT: 145g
