

PRODUCT INFO

BATTERY MOUNT FOR MILWAUKEE M12 BM-BMMW12RED6

DESCRIPTION

StealthMounts Battery Mounts for Milwaukee M12 cordless batteries keep your batteries organised and exactly where you need them to be. Batteries fit by clicking into the holder and are only released by pressing the release button on the battery. Batteries can be held at any angle locked in the holder and won't fall out even whilst travelling. Perfect for mobile setups or workshops! Made in Great Britain. Our Milwaukee M12 Battery Mounts are made using extremely durable injection moulded ABS plastic with countersunk screw holes to allow for firm mounting. Great for keeping track of your batteries and staying organised. They can be mounted at any distance from one another and in tight spaces for maximum workshop efficiency. Mount them in your workshop, under shelves, toolboxes, tool trailers or in your work vehicles with due care. They can also be looped through a belt for use on the job site. StealthMounts Battery Mounts are available colour coded to match your M12 platform.
