

PRODUCT INFO

LONG NOSE PLIER

CH317G

DESCRIPTION

These Long Nose Pliers with Side Cutter features a crosshatch teeth pattern providing a maximum grip and a narrow nose profile that delivers extra precision in hard-to-reach areas. A precision-machined knife and anvil style cutting system ensures perfect mating while state-of-the-art laser heat treating offers a strong and consistent pattern across the cutting edge, adding increased strength and longevity over traditional hardening practices. Channellock Long Nose Pliers are made in USA and forged from high carbon U.S. steel that is specially coated for ultimate rust prevention.

FEATURES

- Precise narrow nose design provides accessibility for hard-to-reach applications.
- Crosshatch teeth to provide maximum grip.
- Laser heat-treated cutting edges perform better and last longer.
- Precision-machined knife and anvil style cutting edges ensure perfect mating for superior performance and longevity.
- Channellock blue grips for comfort.
- 100% Made in USA.
