# PROCHALK<sup>®</sup> STANDARD BLUE MARKING CHALK

## KS8B

### DESCRIPTION

Keson ProChalk<sup>®</sup> Standard Blue Marking Chalk is a high-quality marking chalk that is proudly made in the United States. It is a versatile product that can be used for a variety of applications such as interior layout, roofing, siding, and paneling, both for interior or exterior use. This chalk is perfect for your basic chalk line needs that are easier to clean up or let wear away naturally. Its permanence ranking of 1 ensures that it will not leave behind any residue, making it ideal for use on surfaces that need to be kept clean. This product comes in a convenient 227g (8oz) bottle, making it easy to use and transport to job sites. Overall, Keson ProChalk<sup>®</sup> Standard Marking Chalk is a reliable and practical choice for anyone in need of high-quality marking chalk.
