PC

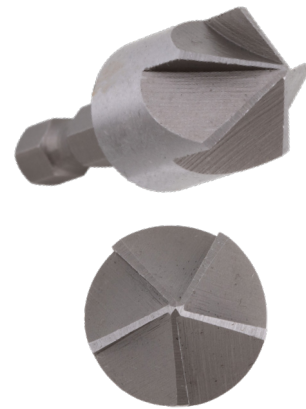

DESCRIPTION

The GFB Rose Head Countersink Machine Bits offer precision in creating chatter-free countersink recesses for flush screw fittings. Featuring a Quick Change 1/4" Hex Shank and 90-degree cutting edges, these bits are designed with a five-flute rose-pattern for optimal performance. They are ideal for drilling in hardwood, softwood, pine, MDF, and plaster. Crafted to the highest specifications from high quality materials, they ensure consistent results and are ideal for both professional and DIY applications.
