

PRODUCT INFO

MAGNETIC ALUMINUM TORPEDO LEVEL

SWTL700M

DESCRIPTION

The Swanson 225mm/9" Magnetic Torpedo Level offers exceptional value to all DIY enthusiasts. Its durable extruded aluminum frame ensures long-lasting use. The V-grooved full-length strip magnet delivers superior grip on metal surfaces, making it effortless to work with metal pipes. Thanks to Swanson's exclusive BRIGHTVIEW® technology, the white vial surrounds reflect light, providing clear visibility. This compact level is designed for convenience, fitting perfectly in your pocket for easy reference. With its lightweight and portable construction, you can carry it effortlessly in your tool pouch. The top-read vial allows for accurate readings from any angle, making it an ideal choice for DIY projects.
