

PRODUCT INFO
TOOLBAG BOX
JKB-210

DESCRIPTION

The Jackman Toolbag Box is a versatile and robust storage solution for any tradesperson or DIY enthusiast. Its reinforced box frame design ensures durability, making it perfect for carrying a variety of tools and equipment. The zip lid adds an extra layer of protection to keep your gear safe and secure. The two small handles, which can be velcroed together for convenience, make it easy to transport. Moreover, the adjustable shoulder strap offers flexibility in how you carry it. With one large compartment, 12 interior pockets, and 14 exterior pockets, this toolbag provides ample organization space. Crafted from black polyester PVC-coated material, it's not only functional but also stylish and built to last.
