

PRODUCT INFO

CRAFTSMAN'S RULE

HU59W-18

DESCRIPTION

The Fisco Craftsman's Rule is a high-quality, engineering-grade marking tool that comes in a convenient white, four-fold design. It is made from durable polycarbonate material, which ensures that it can withstand the wear and tear of everyday use. The folding design of the rule allows for easy storage and transportation, making it an ideal choice for professionals on the go. The rule features precisely inscribed and permanent graduations, which are visible on both sides of the rule, making it easy to measure accurately from any angle. The bevelled edges of the rule also contribute to its precision, allowing for accurate marking. The rule is graduated in millimeters, with red numbers appearing every 100 millimeters. At its unfolded length of 1 meter x 18mm, and folded dimensions of 265mm x 36mm, the Fisco Craftsman's Rule is a reliable and versatile tool for any engineer or craftsman.

FEATURES

- Four-folding design.
- Compact design allows for easy storage.
- Engineering quality.
- Made from Polycarbonate.
- Bevelled edges for precise marking.
