HANDYMAN'S RULE

HU59Y-16

DESCRIPTION

The Fisco Handyman's Rule is a versatile tool suitable for use at home, in the workshop, or on the job. Its folding design allows for easy storage and transportation, making it a convenient addition to any toolkit. The rule is made from high-quality, hard-wearing ABS plastic with brass hinged pins and end-pieces, ensuring its longevity and durability. The precise inscriptions and permanent graduations are visible on both sides of the rule, making it easy to read. Graduated in millimeters, the rule has red numbers every 100 millimeters for increased accuracy. Unfolded, it measures 1m x 16mm, and folded, its dimensions are 263mm x 32mm. Overall, the Fisco Handyman's Rule is a reliable and practical tool that is sure to be useful for a variety of applications.
